

## Fruit Lemonade with Rose Water

Homemade fruit lemonade is a perfect way to cool off on hot days! This delicious summer drink showcases seasonal flavors at their best.

### INGREDIENTS

- Juice of 1-2 lemons
- 1 whole lemon
- Seasonal fruits: watermelon, strawberries, rhubarb, raspberries
- 3 tablespoons rose water Jasmeen
- 2-4 tablespoons honey
- 2-3 liters of water
- To serve: ice and rose petals

### Preparation:

The taste of traditional lemonade can be easily elevated. We suggest using your favorite seasonal fruits (such as watermelon, strawberries, rhubarb, raspberries—whatever you love the most) along with rose water.

Mix honey thoroughly with lemon juice and rose water. Then, add still or sparkling water and lemon slices to the mixture. In glasses, place a few ice cubes and thinly sliced or cubed seasonal fruits. Pour in the lemonade and garnish with rose petals.
